

# CUPE 241 is fighting to **KEEP GUELPH SERVICES PUBLIC!**

- Call your councillor
- Tell friends and family
- Share [KeepGuelphPublic.ca](http://KeepGuelphPublic.ca)
- Volunteer

The city is considering privatizing our solid waste collection, sorting and processing. The service review they are conducting on solid waste is only the first in a series of reviews of city services. We need to fight back now to defend public services, defend our work, and let city council know that the people of Guelph will not allow their services to be sold off to private companies.

Call your councillor, and encourage your friends and family to do the same. Tell them that publicly owned and delivered services are better for the environment, more accountable and have higher resident satisfaction.

Councillor Dan Gibson  
519-827-6407
